CALIFORNIA PARTNERSHIP TO END DOMESTIC VIOLENCE
Special thanks to…

Gender Health Center for providing expertise and feedback

A trans survivor for sharing their story and perspective
Objectives

- Provide usable tools and resources.
- Increase awareness and knowledge of Trans 101: language and basic do’s and don’ts.
- Begin a dialogue of what’s possible, while understanding that each shelter, program and community is unique.
Agenda

- Increase knowledge and comfort of trans inclusive/specific language
- Explore organizational policies and provide sample language
- Discuss organizational capacity to work with trans/gender nonconforming survivors
- Incorporate a trans survivor-centered perspective
- Dialogue about physical logistics of housing: challenges and solutions
- Provide usable tools for service delivery and assessments
- Create space for peer feedback and open questions
- Provide resources and links
The Why…

- High victimization and high barriers (Rates of Violence)
- Trans folks more likely to experience sexual and physical violence but not identify as IPV
- Increasing accessibility for some, is good for all
- Trauma informed and Survivor-Centered
- VAWA Nondiscrimination Clause

“Designing for the largest audience possible regardless of disability or ability. This is a process rather than an end in itself.”

Change and Transition

- transitions framework
- change = what/external
- transition = reaction/internal
- anticipate and plan for resistance
Building Organizational Capacity

- Assess where your agency is now
- Create buy-in and establish the “why”
- Honor the past *and* encourage “out of the box” ideas
- Discuss privilege of cisgender folks
- Train and role play service delivery
- Identify and discuss personal bias
- *Fear and Safety*

**TOOLS**
- planning and strategy worksheet
- services out of box: for DV/SV service providers
- recorded webinar on trans specific power and control dynamics
- recorded webinar designed for DV agencies
- policy to confront bias
Organizational Assessment and Readiness

- How were eligibility requirements developed, and what do they require?
- Are eligibility requirements in alignment with the organization’s mission and/or nondiscrimination policy (if there is one)?
- Have eligibility requirements been determined through a process that involves input from all levels of employees (CEOs to front desk staff)?
- Are eligibility requirements written into policy or guidelines that are clear and understandable by all staff and potential clients?
- If an agency is unable to serve a potential client, does it have an adequate network of connections to appropriately refer the client?
the question is not “do we need more training?”
but “how much more training, and in what areas do we need it?”
even the most culturally competent organizations incorporate on-going training around certain topics in order to maintain their competence
